Logic Puzzle Answer Key:

The Bethel Township Sewer Authority arrives at 10:30 AM (Clue 1), so, from clue 4, the Board of Supervisors could not have driven down Laughead Lane at 9:45 AM, 10:30 AM, or 11:15 AM. At 12:00 PM, a car is cruising down McLaughlin Court (Clue 6), so, by elimination, the car taking Laughead Lane must be arriving at 12:45 PM. From clue 4, the Planning Commission is bringing the horseshoe toss at 12:00 PM. Green Street is the road the pot of gold takes to get to the party (Clue 2), so, from clue 3, the leprechaun is let loose on O'Day Lane. From clue 3, green balloons can't be the item the Board of Supervisors bring to the party at 12:45 PM, so it must be via Ryans Run; Leaving the Irish potatoes as the food the Board of Supervisors bring on their drive through Laughead Lane. From clue 5, the green balloons don't float by at 9:45 AM; Clue 3 rules out 11:15 AM; We know which groups arrive at 12:00 PM and 12:45 PM, so the board bringing the balloons must be the Sewer Authority at 10:30 AM. From clue 3, residents call the Police Department about the leprechaun on O'Day Lane at 11:15 AM, which leaves 9:45 AM as the time the pot of gold is dropping chocolate all along Green Street. From clue 7, the leprechaun is not part of the Zoning Hearing Board, so it must be Parks and Recreation; And, it must be the pot of gold chocolate coins from the Zoning Hearing Board that fills the street with excited children.
